Dear Mr Mills

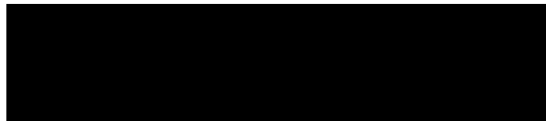

As a member of Budgens staff in Stony Stratford I am opposed to the new development. Not only will I be unemployed from a job I've worked and loved for 21 years but you will also be taking away a good service we provide for a lot of our customers. Many of our customers are the elderly who have no other means of shopping i.e. cannot use public transport, have no family around to help them shop elsewhere or are physically unable to do so. You will not only be taking away their means of shopping but their independence as well. A lot of our customers come in to shop daily, firstly to shop but more importantly it is their only form of daily socialising for many.

Many of our customers do not have the money to shop in the larger supermarkets or can afford the taxi money to and from. Our customers have also told us they find the larger supermarkets very daunting and not as friendly as ours. Taking away Budgens means they have nowhere to shop for 18 months. For myself and the other 27 staff members it is a long time to be out of work, with no guarantee of a job in the new supermarket or anywhere else, especially in the current climate.

I always have and continue to enjoy my job and it would be a shame to have to start all over again somewhere else. We are a family unit at work with a great atmosphere. There is a huge amount of mutual love and respect between the customers and ourselves. Do you really think the community of Stony Stratford would benefit from losing all this?

Please find enclosed a list of signatures from Budgens staff and customers who are opposed to the Cofferridge Close development.

Yours sincerely

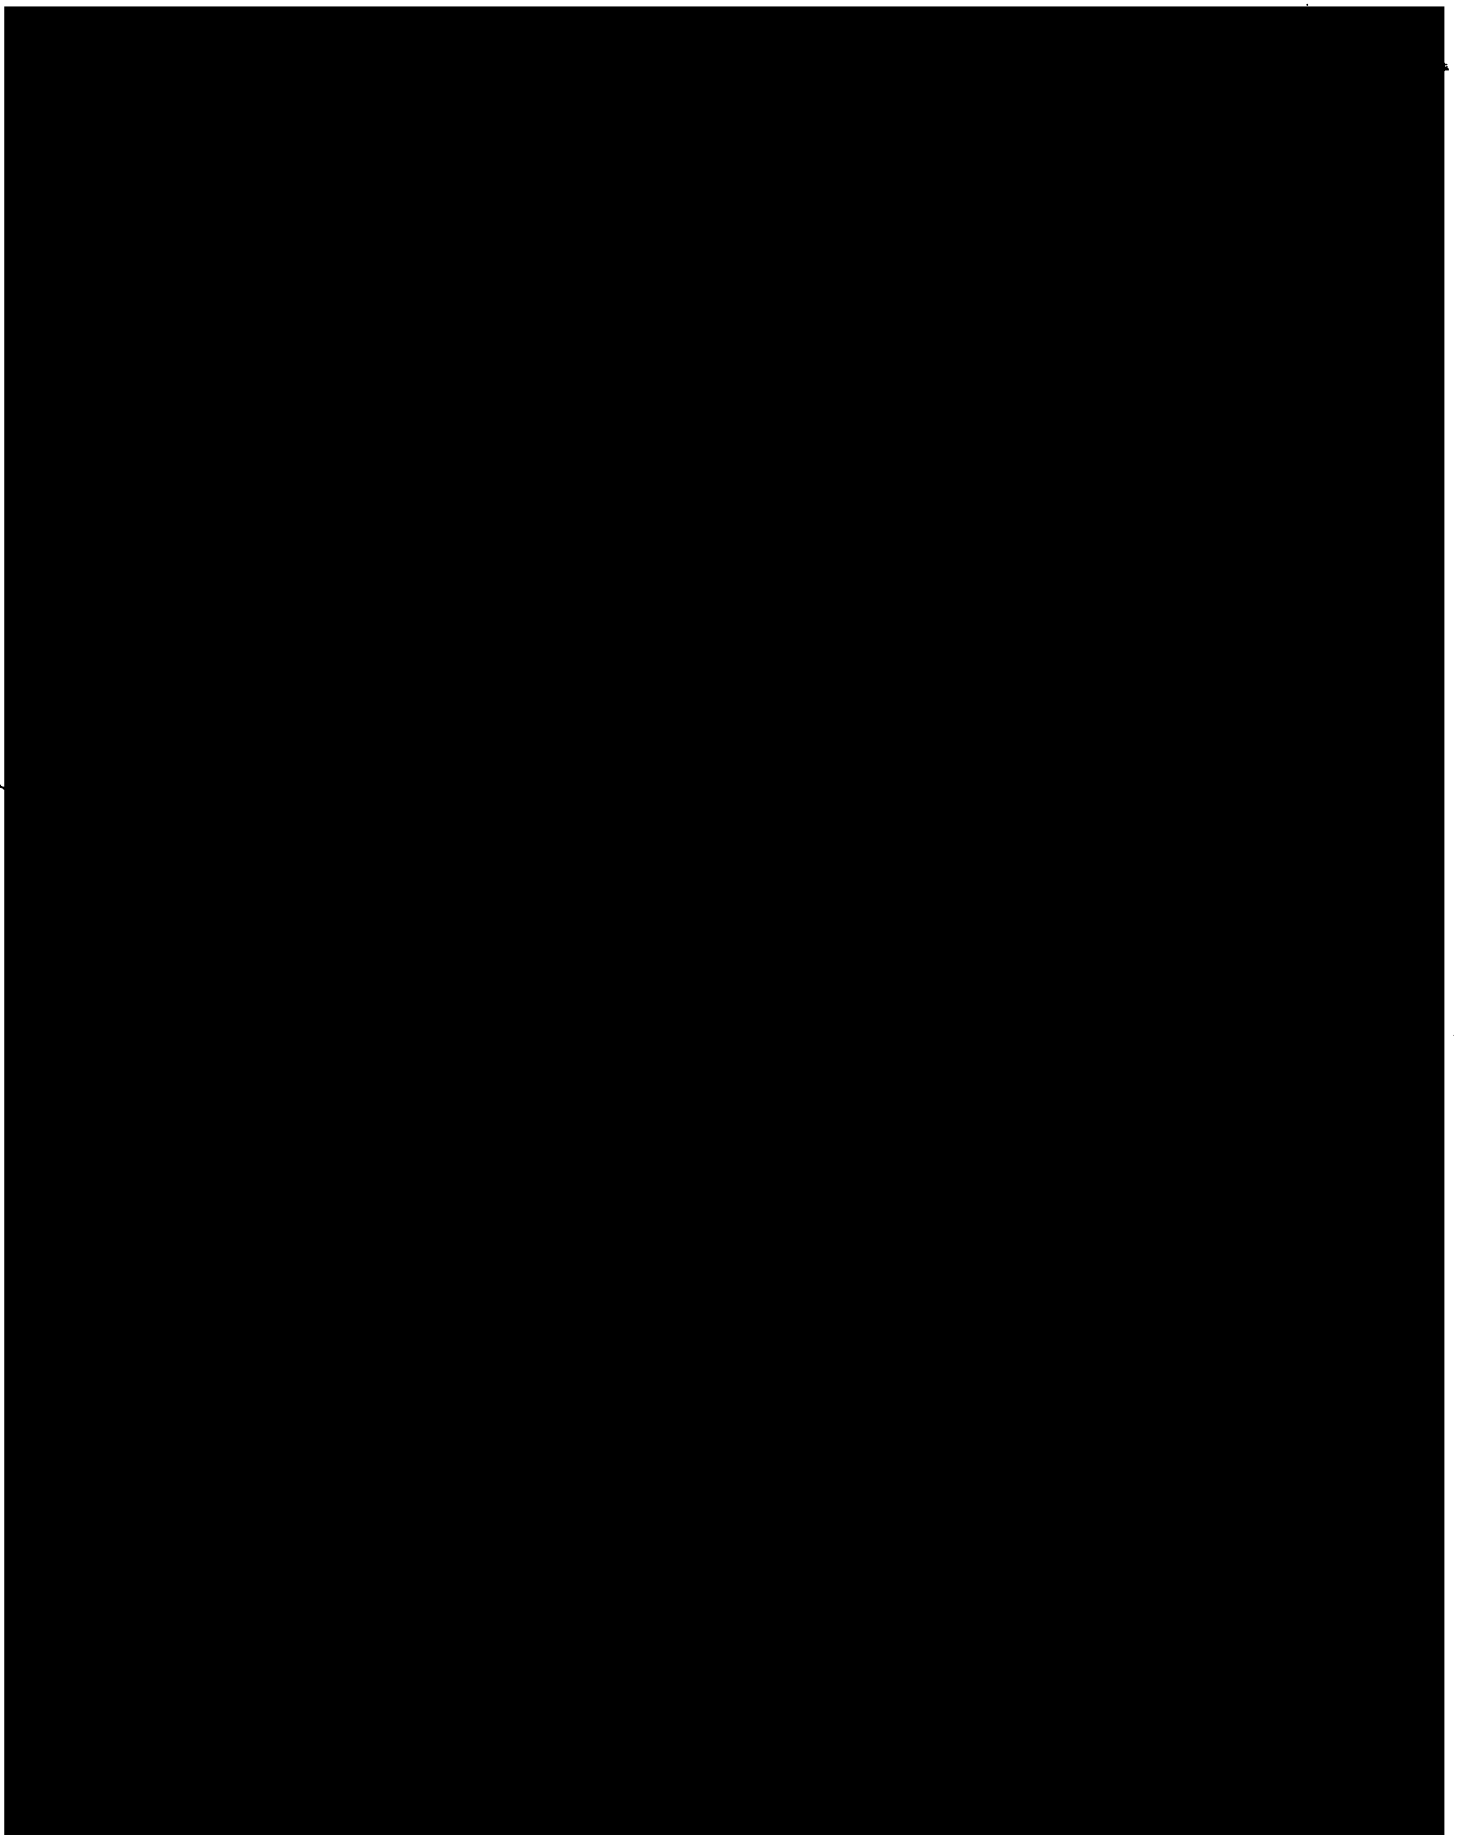

J Henniker
