Subject: Objection to plans for Cofferridge Close, Stony Stratford

Dear Ms Kirk,

When I moved to Stony Stratford some 12 years ago, one of the reasons was to enjoy a picturesque market town. Now, to my horror, I hear that there is a proposal to the site Cofferridge Close. Stony

Stratford is a picturesque, peaceful town and we do not need large supermarkets when we have so much choice in Milton Keynes. Budgens is quite adequate for our needs. To cut down trees is sacrilege and totally spoil that area. We should be looking to preserving the buildings that we have rather than flattening the area. I am a guide dog owner and rely on my dog to find his way around town with the routes he has been taught. I also fear that the development will destroy the strong sense of community in our town as demonstrated by our success in Stony in Bloom and other activities. To have these volunteers is a wonderful achievement and we do not want to lose their support, hard work and achievement in making Stony Stratford such a lovely town to live in.

Please can you publish my objection on the MKC open access website.

Yours sincerely,
Mrs Lynda Cantor MBE
